## PRODUCT CHANGE NOTIFICATION

**PCN:** PCN201004

**Date:** March 09, 2020

**Subject:** Qualification of Amkor Technology Japan Usuki Site for 300mm DPS Process for Select Automotive MCU Products

**To:**

**Change Type:** Major

**Description of Change:**

Cypress announces the qualification of Amkor Technology Japan Usuki (ATJ, 1913-2, Takegashita, Fukura, Usuki-shi, Oita 875-0053, Japan) as a new Die Processing Service (DPS) process site for select automotive MCU Products. The current products are processed at Amkor Technology Japan Kitsuki (ATJ, 2820-2, Minami-Kitsuki, Kitsuki-shi, Oita 873-0002, Japan). This change is driven by Amkor Technology's notification for site closure of their Kitsuki factory in December 2020. The change corresponds to Category (DPS Usuki) in APCN194303.

Amkor Technology Japan Usuki is certified by international quality standards, ISO 9001 and IATF 16949. Amkor Technology Japan certificates can be viewed on their corporate web site below: <https://amkor.com/quality-management/>

**Benefit of Change:**

Qualification of replacement manufacturing site is providing the means for Cypress to continue to meet delivery commitments after the Kitsuki shutdown in December 2020.

**Part Numbers Affected: 402**

See the attached 'Affected Parts List' file for a list of all part numbers affected by this change. Note that any new parts that are introduced after the publication of this PCN will include all changes outlined in this PCN.

**Qualification Status:**

This DPS site has been qualified through a series of tests documented in Qualification Test Plans QTP#002-29447 and QTP#002-29449. These qualification reports can be found as attachments to this PCN.

QTP Number	Qualification
002-29449	DPS Line Transfer AEC-Q100 Automotive Qualification Report for 55nm/90nm Technology Product, Grade-1 -40 to 125°C / Grade-2 -40 to 105°C
002-29447	DPS Line Transfer AEC-Q100 Automotive Qualification Report for 40nm Technology Product, Grade-1 -40 to 125°C / Grade-2 -40 to 105°C

**Sample Status:**

Qualification samples are not built ahead for the part numbers affected by this change. Samples are subject to lead times. If you require qualification samples, please contact your local Cypress sales representative within 30 days of the date of this PCN to place any sample orders.

**Approximate Implementation Date:**

Effective 90 days from the date of this notification or upon customer approval, whichever comes first, all shipments of Commercial, Industrial and Automotive non-PPAP part numbers in the attached file will either be supplied from Amkor Technology Japan Usuki or Kitsuki site.

For Automotive PPAP part numbers, orders must be placed by July 1<sup>st</sup>, 2020 to ensure continued supply from the Kitsuki site. Orders placed after July 1<sup>st</sup>, 2020 will be supplied, with customer approval, from the Usuki site.

**Anticipated Impact:**

Products fabricated at the new site are completely compatible with existing products from form, fit, functional, parametric and quality performance perspectives.

**Method of Identification:**

Cypress maintains traceability of product to wafer level, including wafer fabrication location, through the lot number marked on the package.

**Response Required:**

No response is required.

For additional information regarding this change, contact your local sales representative or contact the PCN Administrator at [pcn\\_adm@cypress.com](mailto:pcn_adm@cypress.com).

Sincerely,

Cypress PCN Administration
